*Deceased

September 2008

September already and another season of back to school activities, planning crafts and meals for the upcoming holidays and stocking up on favorite books for the longer evenings. Remember the wonderful resource the library is to the community in providing educational and recreational materials to support a wide variety of interests, hobbies and studies.

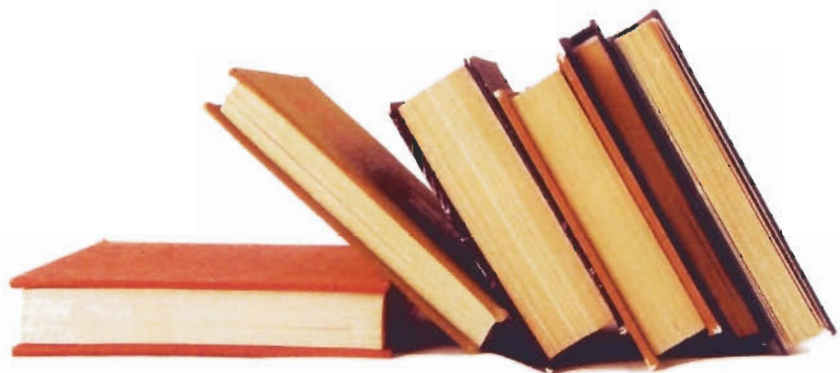

Each year we solicit your participation to further the services of the library through your financial support. The Board of Trustees appreciates your continuing generosity, and pledges to put your contribution to good use in purchasing new books, books on cds, dvds and other materials in demand by

our library patrons. Please consider a donation this year. Contributions are tax-deductible and the library is eligible for matching gift programs.

Thank you,

Nino Petrocelli, Sr.
